

South Dakota Federal Courts Historical Society  
June 30, 2009

The South Dakota Federal Courts Historical Society has had little activity in 2009. After the death of Judge Andrew W. Bogue, several copies of the program/booklet from his portrait hanging were sent to the Eighth Circuit libraries in St. Louis and Fargo.

District Judge Charles Kornmann took senior status in 2008, and completing his oral history will be our next project.

During this entire year, we had a cash balance of zero in the Historical Society account.
